Junior/Intermediate Campers

Junior and Intermediate campers can choose to attend YMCA Wanakita's Summer Overnight Camp for one or two weeks.

ONE WEEK KITA JUNIOR & INTERMEDIATE

The Kita program is YMCA Wanakita's one-week camp program providing a unique and supportive atmosphere with experienced counsellors chosen specifically to create a fun, inclusive, and welcoming environment. During their stay, campers will participate in personal choice activities (PCAs) each weekday morning. Campers can choose from any of the age appropriate PCAs and try to earn Wanakita levels or focus on experiential participation. Given the shorter stay at camp it may not be possible to experience all that Wanakita has to offer in one visit. The Kita program is a wonderful introduction to camp.

TWO WEEK JUNIOR & INTERMEDIATE

Junior and Intermediate sections (JI) are a fantastic way to engage with the best that Wanakita has to offer. JI campers participate in a variety of activities that are fun, engaging, and instructive. During their stay, campers will participate in personal choice activities (PCAs) each weekday morning. Campers can choose from any of the age appropriate PCAs and try to earn Wanakita levels or focus on experiential participation. Campers also get a chance to challenge themselves on a trip tailored to their level of experience, exploring Koshlong Lake. Intermediates will be out for two nights, learning and developing a number of outdoor skills and Juniors will have a one night introduction to overnight camping. Our JIs also participate in Theme Days; friendly camp-wide games in the middle of each session.

Senior Campers

SENIOR TRADITIONAL (5-DAY CANOE TRIP)

The Senior Traditional Program has remained one of our most popular programs for over 60 years. With seven days at camp and five days on trip, "Trad" campers get the best of both worlds while enjoying the full extent of YMCA Wanakita's diverse programming. The five-day canoe trip in the Canadian wilderness provides each cabin group with a meaningful challenge to work toward. The sense of purpose and adventure fostered in this program will help any camper gain self-confidence and build lasting friendships.

Senior Trad First Year (13 by the end of the year attending camp)

The Senior Trad First Year trip offers an exciting trip for first time and experienced campers alike as a grand welcome to the Trad program. Routes are selected to provide time to hone skills while taking in the beauty of rocky shorelines and sharing campfires under the stars.

Senior Trad Second Year (14 by the end of the year attending camp)

This five day trip is the flagship experience of our Senior Traditional program. With a little more age and experience, these campers are ready to venture out in smaller cabin groups to meet new challenges and enjoy the beauty of one of Ontario's iconic wilderness parks.

SENIOR SPECIALTY (3-DAY LAKE OVERNIGHT)

Senior Specialty campers spend two weeks at YMCA Wanakita refining skills and strengthening friendships. These campers also participate in a three-day, two overnight stay on Koshlong Lake where they can learn about camping basics, and bond with their cabin mates around the campfire. Spending the full two weeks at camp allows Senior Specialty campers to pursue more time-intensive skills such as paddle making and advanced wilderness skills.

SUMMER OVERNIGHT KIDS CAMP PROGRAMS

YMCA Wanakita offers an excellent and varied summer camp program. A unique balance between individual and group camp activities provides an opportunity for each camper to participate in all age-appropriate programs. Our balanced program also creates an atmosphere where both technical and social skills are fostered, providing a safe place for campers to take risks and grow. We believe that participating in any of our programs provides the potential for success that will stay with each camper well beyond their time at camp.

Personal Choice Activities (PCAs)

YMCA Wanakita provides a wide range of activities where campers are able to develop their technical skills under the instruction of our trained and experienced staff. While campers will have the opportunity to experience many of these areas with their cabin groups, they choose preferred areas of interest for their daily Personal Choice Activities (PCAs).

ACOUSTIC GUITAR (FOR INTERMEDIATES AND UP)

Learn how to play basic chords or move to the next level. Campers will have the opportunity to perform for other campers and staff.

AIR ADVENTURE & INITIATIVES

Based on the "challenge by choice" model, campers can participate in challenging and cooperative activities. Activities include team building, high ropes, low ropes, the climbing wall, and much more.

ARCHERY

Learn to shoot to varying distances and find out who the real Robin Hoods are! Participants are awarded Wanakita levels as they learn beginner and more advanced techniques.

ARTS & CRAFTS

From nature crafts to screen printing, typical activities include sketching, beading, tie dyeing, mural painting, collages, and much more!

CANOEING

Campers learn about boating safety, tandem and solo paddling skills, and play skill-enhancing and fun games.

COURT/FIELD SPORTS

Ultimate frisbee, basketball, volleyball and soccer are some examples of the programs available. Campers will learn the rules of play and basic skills, while developing positive attitudes towards competition, health, and personal challenge.

DANCE

Campers learn new steps and styles of dance while working towards performing at our weekly arts presentation. The dance styles vary depending on the age, interests, and abilities of each PCA group.

KAYAKING

Campers learn about boating safety, flatwater skills, and advanced paddlers can progress to learning whitewater theory and techniques. Campers can earn YMCA Wanakita's own awards from levels I to III.

MOUNTAIN BIKING (SENIORS ONLY)

Safety and proper riding technique will be taught and then practiced on YMCA Wanakita's 25km trail system. A great way to explore and discover the great outdoors.

PADDLE MAKING (SENIORS ONLY)

Selecting from a variety of pre-shaped templates, campers will learn to shape, sand, and finish a paddle that is truly unique to them. Please note that there is an additional cost of \$60 for the paddle blank.

SAILING

(Counts as 2 PCA choices for one week)

Experienced instructors teach basic sailing skills, knots, and tips on how to read the wind on our fleet of Hobie Wave catamarans and PICOs. Campers will have a chance to earn Wanakita sailing awards based on the practical skills they learn during their week of PCAs.

SWIMMING

Our qualified staff instruct campers in YMCA Canada Swim Program levels from Learn-to-Swim to Star 7. Campers will also have an opportunity to participate in a variety of water based activities, including the water trampoline.

THEATRE ARTS

Campers come away from this program with a sense of accomplishment and increased self-confidence while developing and performing plays, singing, and learning a number of drama games.

WILDERNESS & ENVIRONMENTAL PURSUITS (WEP)

Campers will gain an appreciation and knowledge of our natural world and their place in it. The focus will be on YMCA Wanakita's amazing wetland area and 1000 acres of flora and fauna. This program also includes an extensive

outdoor living program including outdoor cooking and firebuilding, minimum impact camping, navigation skills, weather forecasting, knots and other camping skills.

ADVANCED WILDERNESS SKILLS (SENIORS ONLY)

Building upon the foundation of skills learned in the WEP program, participants develop further skills such as outdoor cooking, advanced fire-lighting, use of tarps and more. Participants will develop skills that can help them be more comfortable in a wilderness context.

WINDSURFING (12 YEARS AND UP)

(Counts as 2 PCA choices for one week)

Our hybrid Stand Up/Windsurf boards give campers a well rounded experience. Participants can become comfortable balancing on the stand up paddle board and then grab a sail to develop their windsurfing skills. Campers will learn safety tips, basic maneuvering skills and how to read the wind during their week of PCAs.

How many PCAs do you choose?

Choose two PCAs per week of camp unless you fall into the following:

- Campers choosing Sailing or Boardsailing, do not choose a second PCA.
- Trad campers choose two PCAs per 2 week session.
- Trippers do not choose PCAs.

LEADERSHIP DEVELOPMENT

Senior Trippers

YMCA Wanakita has witnessed many campers grow into strong leaders through their experiences in the wilderness. Completing a canoe trip teaches campers that they are capable of more than they thought possible as they experience the rewards of their own hard work and determination.

SENIOR TRIPPERS

This specialized tripping program is a step up from the Senior Traditional trip with more paddling, portaging and back-country exploration. It begins in camp with two days of packing, preparation and fun before heading out for 8 days of trekking and canoeing deep into a provincial park to places other trips don't go. Supported by staff uniquely suited to this experience, trippers learn and grow throughout the trip. Back at camp for the final two days, trippers debrief and participate in YMCA Wanakita's closing traditions.

“Wanakita has been an overwhelmingly positive and transformational experience.”

Student Counsellor Leadership Program (SCs)

YMCA Wanakita's Student Counsellor Leadership Program provides two years of quality leadership development. Potential participants must be motivated, mature, and have a desire to learn. *Participation in First Year SCs prior to Second Year SCs is recommended.*

FIRST YEAR SCs

Participants must be 15 years of age by the end of the attending year to participate in this program. This program focuses on technical skill development, with an introduction to group leadership skills. First year SC's will face the challenge of a six-day canoe trip, and the opportunity to earn nationally recognized certifications in lifesaving, first aid, and canoeing. Participants also refine their skills in YMCA Wanakita's other activity areas such as archery, sailing, kayaking, and outdoor living skills. Group cooperation, self-discipline and personal initiative are keys to a successful and fulfilling experience.

Included in the price of registration, First Year SCs receive a quality Salus Personal Floatation Device (PFD) with the YMCA Wanakita logo which can be worn for years to come!

SECOND YEAR SCs

Participants must be 16 years of age by the end of the attending year to participate in this program. Our Second Year program focuses on camp and community leadership skills, group dynamics, understanding the counselling role, teaching skills, camp philosophy, and program objectives. All participants will do a cabin placement where they will learn about camper care and gain first-hand experience. The skills gained will be widely transferable both at camp and in their home communities.

SECOND YEAR SCs - TRIPPER (SC2T)

Focussing on many of the skills that have brought success to the SC2 program, the SC2T program adds an extended wilderness canoe trip as a 6 day "floating classroom." The SC2T program aims to help shape the next generation of trip leaders.
